OUTLINES.

Hon. William J. Bryan has written from Europe to former Senator James K. Jones that he will accept the Democratic nomination for the Presidency a third time if the Party tenders it and the conditions demand it——President Roosevelt and Secretary Taft yesterday took step to develop the efficiency of the army——The Dominican representative at Washington denies that there is any serious insurrection in the negro republic——At a coroner's inquest in Philadelphia yesterday over a Chinaman who was killed July 4th, startling testimony was given that a plot had been made by Chinese highbinders to assassinate several men one of whom was the Rev. Frederick Poole, an Episcopal missionary who now lies in a hospital from gun-shot wounds——The sheriff, coroner and city attorney at Denver are to be removed and the city and county officials to be investigated for debauching the ballot box and carrying an election by fraud on a franchise question——Sever alienists are to testify, in the murder case against Harry Thaw, in New York; yesterday when Mrs. Thaw went to the Tombs prison women missionaries followed her up and his counsel had a stop put to it——The trial of the divorce suit of Augustus Hartje, the Pittsburg millionaire, in which he makes his coachman co-respondent, will continue four weeks more, a new feature being the stealing of a lot of letters from the coachman's room—New York markets: Money on call nominal, no loans time loans easier; flour dull and barely steady; wheat easy, No. 2 red, 84 5-8, new to arrive, elevator; corn steady, No. 2, 59 1-2 nominal elevator; oats barely steady, mixed, 42 1-2 to 43; turpentine quiet, 60 to 60 1-2; rosin quiet, strained common to good, 3.90 to 3.95.

Going the gait is in the opposite direction to the Golden Gate.

"Will Congress let President Roosevelt carry out his policy in Santo Domingo?" asks a contemporary. Will President Roosevelt let Congress let him?

A newspaper item says that "in less than a week six persons on steamboat excursions in the North have died from the effects of eating ice cream and peanuts." Well, we'll cut out the peanuts.

Secretary of the Navy Bonaparte has declared the policy of the Navy Department to be that the women clerks shall stand an equal chance with the men. Now most all the women will wonder why they don't nominate Bonaparte for President.

It turns out that Harry Thaw has been hiring detectives for some time to watch Stanford White's curves. If Thaw hadn't strayed from the watchful care of his mother he'd never gotten into the push that bears watching.

"Politeness always pays" is an old adage. However, some people won't wait for their pay—like the cashier of the bank at Homestead, Pa., who skipped with $12,000 and left this polite note: "Excuse me; I need the money. Will try to pay it back in two years. With love to all."

A German scientist says there is every evidence that women will have wings and fly 10,000 years from now. They haven't got any wings at all now but they can fly up at you all right when you say something that is not to their liking.

President Roosevelt says he proposes to stay at Oyster Bay and take a rest. Meanwhile the trusts will sponge off and it will be curious to know at the end of the season whether the trusts or the President will be in the best trim.

Secretary Loeb should have consulted President Roosevelt before he took it on himself to decline the invitation to the President to preside at the reception to be given Wm. J. Bryan by the Commercial Travelers' Anti-Trust League. It would have given President Roosevelt an opportunity to show how he stands on the trust question.

Says the Jacksonville Times-Union: "If Mr. Bryan could sell the advice he will get from now until November, 1908, for five cents a basketful, he would never have any occasion to fear the wolf." So far, the Nebraskan seems to be able to "tote his own skillet" as Alexander Stephens used to say.

CAMP GL... NO MORE

Boys' Brigade Returns from Its Annual Week's Encampment at Southport.

IN EVERY WAY A SUCCESS

Closing Events Are Told By Correspondent With the Command——Final Order for Breaking Camp——Thanks Are Returned.

(Special Star Correspondence.)

Camp Glenn, Southport, N. C. July 7.—To-day being the last of the tenth annual encampment of the Boys' Brigade, the company was aroused from their slumbers at 5:30 A. M. There had not been much sleeping, however, by the new members on account of their fear that "Rough" Gardner and "Dutch" Kure, who are noted for their mischieviousness, might be up to some of their pranks.

At 11 o'clock the work of taking down the tents and packing up the camp utensils was begun and by 2 o'clock everything was ready to be put on the "Wilmington."

It is with many regrets and aching hearts, especially on the part of Tilly and Jewell, that we leave Southport and to say that the boys had a good time does not express it by half. everything went off smoothly and it is down on record that this encampment was the best that the Brigade has ever had.

The only duty done to-day in camp except the heavy acts while transporting the paraphernalia to the boat, were the religious exercises held this morning by Mr. Dushan. These services have been greatly appreciated by the boys and we were more than glad that he and his faithful "Buggs" were able to be with us.

The question of eating, which seemed to appeal to the boys more than any other duty, was very creditably handled by Commissory Sergeant Tilly, and together with Joby and Haywood, the cook, made a trio hard to beat.

Fleet Williams has slung hot air at the rags with such vigor this week that he is suffering from paralysis of the larynx. Walter Benson was today given the third degree in the "Punk Club." Tommy Willetts following in the footsteps of his friend "Beauty Boy" Benson, had a night mule last night which about equaled Benson's in its uncanniness.

In the game of baseball played yesterday afternoon between the Brigade and Fort Caswell, the former won by a score of 14 to 4. Batteries: Brigade Britain, Dosher and Jewell. Fort Caswell, Jones and McCumber. Umpire Capt. Timberlake.

the steamer "Wilmington" and thus ended the existence of Camp Glenn.

At 5 o'clock the Brigade boarded As the steamer got into the stream "Grub Grabbers" Quartette, composed of Tilly, Jewell, Allen and Benson sang:

"No more whitesides
No more hash,
No more Southport girls to mash."

W. B. M.

The Brigade reached the city on the evening trip of the steamer Wilmington yesterday. The soldier boys were somewhat tanned, but were otherwise in good trim. The following is a copy of the General Order breaking camp:

Camp Glenn, Southport, N. C.,
July 7th, 1906.

Special Order No. 2:

The Boys' Brigade will formally break its tenth annual encampment this (Saturday) afternoon at 5 P. M., and will proceed immediately to Wilmington.

In issuing this final order the commanding officer avails himself of the opportunity of expressing his cordial appreciation and that of every member of the organization to the employers for their generous consideration and sacrifices in allowing the members the benefit of this outing and entertains the hope that the faithful performance of every duty assigned these employes during the year will be the best proof of their appreciation.

We desire to make our acknowlments to the steamers Wilmington and Sea Gate for their most generous and gracious considerations and assistance.

I desire to express to each member of the Brigade individually my gratitude for their loyal, ready and willing support in making this the most successful of our annual outings.

By order of COLONEL TAYLOR.

NEW $12,000 RECTORY FOR ST. JAMES' PARISH

Plans Prepared by Architects Cooper & Davis Virtually Accepted and Work of Building to Begin at Once—Handsome Structure

Messrs. Cooper & Davis, architects, have just completed plans for a handsome twelve thousand dollar rectory for Saint James' church, which will be erected at once on the site of the present rectory on Market street. The new rectory was authorized by the vestry of the parish some time ago and a committee was appointed, consisting of the wardens and Mr. J. A. Taylor, for the purpose of having all arrangements made for the new building. Several conferences with architects have recently been held and plans submitted with the result that those furnished by Messrs. Cooper & Davis have been accepted by the building committee and the rector, the Rev. R. W. Hogue. The committee will now make report to the full vestry and it is expected that the plans will be submitted to contractors at once, so that the actual work of building may begin at once.

The new building will be a rival for the handsome new See House which the Diocese of East Carolina will erect at Fifth and Orange streets for the Bishop and will be a decided improvement to the St. James' property in the vicinity. The rear of the present lot will be filled and a comfortable and imposing structure erected. It is expected that the new residence for the rector of the parish will be completed by early Fall. The present buildings on the lot will be torn away to make room for the new structure.

ROW IN THE CAMP

Republican Meeting Last Night Named Other Delegates and Went For Convention Recently Held in New Hanover County.

The Republican mass meeting in Germania Hall last night is reported to have been well attended and full of enthusiasm. Louis Goodman, Esq., was called to the chair and Mr. Jno. W. Winders, of Castle Haynes, was requested to act as secretary. Afterwards this organization was made permanent. It was stated that the meeting was unanimous for Spencer B. Adams for State Chairman of the party.

Mr. J. W. Brooks was elected chairman of the county executive committee and R. W. Herring, of the law firm of Kenan & Herring, and J. M. Forshee were elected delegates to the State Convention with Louis Goodman and B. F. Keith as alternates.

A long resolution was offered by Mr. Keith, extolling the Republican party and the principles of Republicanism as practiced by President Roosevelt; declaring that the party in this county has been without a head for several years and setting forth the necessity for organization.

That there is clearly a split in the ranks of the party in the county is evidenced by the statement in the resolution that "After a close observation of some years now we are firmly convinced that the self-constituted party managers in New Hanover do not want any new or fresh recruits to our ranks for the reason that as it now stands there are possibly offices enough to go around among the favored few," and again: "that the meeting held in this county a few nights ago was a farce, thwarting the will of the majority rather than conserving it and characterized by such gross irregularties as to alienate from our ranks rather than draw to us." The resolution is not published for the reason of its length and the fact that it is no fight of ours that is on between the two wings of the Republican party.

Their Infant Dead.

Friends of Mr. and Mrs. T. H. Hawkins, No. 805 Chestsut street, deeply sympathize with them in the death of their infant dauhter, Mary Ruth, aged one year, four months and ten days, which occurred yesterday of whooping cough and complications. The funeral will be conducted at 5 o'clock this afternoon from the residence and the interment will be in Oakdale cemetery.

Condition of Young Bryant.

At 2 o'clock this morning it was learned that the conditon of young Mike Bryant, who was stabbed Saturday night, was about the same and that he was resting very well at the hospital. He was a little improved yesterday morning but yesterday afternoon he was not doing so well. He is till in danger and will not be past the danger line for several days yet.

Mr. and Mrs. Craig Bereaved.

Mr. and Mrs. J. F. Craig have the sympathy of many friends in the death of their little infant daughter, Ida Agnes, six weeks old, which occurred yesterday morning at 6 o'clock at the home of the parents, No. 409 North Ninth street. The funeral will be conducted at 3 o'clock this afternoon from the residence by the Rev. A. D. McClure, D. D., and the remains will be laid to rest in Oakdale cemetery.

A quiet Sunday afternoon at Carolina Beach will do you good. Three trips of the steamer. No crowding, no pushing. 25 cents for the round trip. **

CITY LEAGUE GAMES

Y. M. C. A. and Market Street Giants Took the Honors on the Hilton Park Diamond Yesterday Afternoon—Scores.

Standing of the Clubs.

	Won.	Lost.	P. C.
Market Street Giants..	4	1	.800
Seventh Street Rattlers	4	1	.800
Y. M. C. A.....	3	3	.500
Monarchs	0	6	.000

The weather did not forbid and another large crowd was present for the baseball games in the City League at Hilton Park yesterday afternoon. The Market Street Giants defeated the Monarchs by the close score of 4 to 2, and the Y. M. C. A. succeeded in breaking into the winning streak of the Rattlers in a score of 3 to 1. Both games were splendid exhibitions and the batters had splendid opportunity for a display of their powers. Brinkley's willow work for the Giants was a feature, while Tom Green, in the box for the same team, pitched a fine game. The attendance in all was about three hundred. The first game was between the Y. M. C. A. and the Rattlers. The score:

	R.	H.	E.
Y. M. C. A..... 020 001 000	3	6	5
S. S. R..... 010 000 000	1	2	4

Summary—Earned runs—Y. M. C. A., 1. Two-base hit—Belden. Base on balls—Duls, 1. Left on bases—S. S. R., 2; Y. M. C. A., 6. Struck out—By Sallings, 5; by Duls, 7. Hit by pitched ball—By Duls, 1. Double play—Belden to Rhodes; Rhodes to L. King. Time, 1:10. Umpire—Mr. Frank Wilson.

The second game between the topliners and the tail-enders was interesting indeed, the Monarchs playing a splendid game against the champions. The score:

	R.	H.	E.
M. S. G..... 001 300 000	4	4	3
Monarchs 001 000 010	2	3	4

Summary—Three-base hit—Brinkley. Two-base hits—Seifert, Brinkley. Earned runs—1. Base on balls—Off Banck, 1; Green, 4. Left on bases—Monarchs, 4; M. S. G., 3. Struck out—By Bancks, 3; Green, 7. Time, 1:20. Umpire—Mr. Vance Montgomery.

Outing at the Beach.

The Philathea Class of Southside Baptist church left yesterday afternoon for a ten days' outing at Carolina Beach. Among those in the party are Misses Stanland, Annie Sikes, Mabel Littleton, Lillie Parker, Bertha Devaun, Alice Curtis, Carrie Coleman, Effie Curtis, Pearl Bryant, Bevie Fales, Hazel Hamlin, Lula Coleman, Ollie Bender, with Mesdames J. F. Littleton, J. W. Curtis and J. W. Harper as chaperones. They are stopping at the hotel on the beach and are having a delightful time.

Photo by Warren.

In the hurry and rush incident to the account of the hanging of the negro Scott in the extra edition of The Star Friday afternoon, it was neglected to say that the photo from which the excellent half-tone likeness of the mutineer was made was taken by Mr. Elisha Warren, the clever chief engineer on the steamer Marion. Mr. Warren had one of the best photographs ever gotten of the negro, and it was through his courtesy that The Star was enabled to present to its readers such an excellent likeness of the noted character.

You will be happy and contented after spending a day at Carolina Beach. Three trips of the steamer Wilmington—9:30, 2:30 and 7:45. Fare 25 cents the round trip. **

STATE ARCHITECTS

North Carolina Society Organized by Prominent Members of Profession Yesterday.

OFFICERS ARE ELECTED

Sessions to oCntinue This Week at Wrightsville Beach—Leading Cities of the State Represented at the Preliminary Meeting.

The North Carolina Architectural Society was organized in this city yesterday by about twenty-five leading members of the profession from all parts of the State. The preliminary meeting was held in the parlors of the Elks' Temple and the concluding sessions will be held this week at Wrightsville Beach, many of the visitors here for the organization having left for the beach last evening. The following officers were elected at the meeting yesterday:

President—Chas. C. Hook, of Charlotte.

Vice President—Charles Barrett, of Raleigh.

Secretary and Treasurer—F. Gordon, of Charlotte.

The Executive Committe and other standing committees will be named by President Hook Monday at the morning session which will be held at 11:30 o'clock.

The object of the formation of the Society is for the cultivation of more friendly relations between members of the profession in the State and for the promotion of the interests of architects and clients generally. The constitution and by-laws are fashioned after the principles of the American Association of Architects and were adopted at the preliminary meeting yesterday afternoon.

A number of the leading architects of North Carolina are here for the meeting, including Messrs. F. A. Weston, S. W. Foulk and W. L. Brewer, of Greensboro; C. C. Hook, L. L. Hunter, F. Gordon and Wheeler, Runge & Dicky, of Charlotte; W. P. Rose, Chas. Barrett, C. E. Hartge and Frank B. Simpson, of Raleigh; H. C. Linthicum, of Durham; J. S. Zimmerman, of Winston-Salem; Herbert Simpson, of Newbern, and the following from Wilmington: Messrs. Cooper & Davis, Leitner & Wilkins, Chas. McMillen, L. A. Koeth and H. E. Bonitz.

RETURN OF THE COMEDIANS.

"Kidnapped" Will Be the Bill at Academy Monday Night.

With a repetition of "Kidnapped," made at the request of many, Slater's comedians will return to the Academy to-morrow night for a week's engagement. The return engagement will, no doubt, be received with gladness by theatre-goers, as the company has gained much popularity in this city. It is looked upon as one of the best popular price attractions that has been to the Academy in many days. This time the repertoire will be entirely changed, save for about two bills, which made big hits when the company was here before. The specialties will all be new and exceedingly clever.

To-morrow night every lady accompanied by the holder of a paid 30 cent ticket will be admitted free if the ticket is reserved at Plummer's before 6 o'clock to-morrow afternoon.

Change of Yardmasters.

Mr. S. J. Hayes, who came here a short time ago from the Louisville and Nashville at Birmingham, Ala., and took the position of general yardmaster of the Atlantic Coast Line, has resigned that position and has been succeeded for the present at least by Capt. C. W. Kennedy, who has been in charge of the yards at the old Union depot. Mr. Hayes will return to Birmingham.

The Scott Case.

It is announced that Messrs. Peschau and Rountree are already at work upon a petition to the president asking for the pardon or commutation of the sentence of the mutineers, Adams and Sawyer, upon the strength of the confession of Scott on the gallows Friday. It is learned that the District Attorney and Judge Purnell will be asked to endorse the petition in view of the later developments and it is believed that they will do so.

SCOTT'S BODY IN RALEIGH.

Several Took View of Remains in Undertaker's Rooms—Physique.

Raleigh, N. C., July 7.—The body of the negro mutineer Scott, who was yesterday hanged at Wilmington by the United States Marshal, was brought to Raleigh last night at 11:45 and taken to the Brown establishment where it was embalmed. Scott was a man of good physique. He was 5 feet 10 inches in height and weighed about 160 pounds. His muscular development was almost marvelous. Several doctors viewed the body. Scott was a Baltimore mulatto and possessed some education. His sloping forehead, the tattoes on his arms and several slashes on his body, evidently old wounds, showed the criminal and desperate character of the murderer of five men on the ill-fated schooner. The body will be sent to the medical school at the State University for dissecting purposes.

REPUBLICAN STATE CONVENTION

The Republican State convention will assemble at Greensboro next Tuesday, and certainly as the time approaches for it the situation becomes exceedingly muddled. Of course, the interest in the convention centers in the contest between the Blackburn and Adams factions over the State chairmanship. Both sides seem to be claiming that they will win in the convention, and if all reports are true it will be a close fight.

It was reported a few days ago that Judge Spencer B. Adams, of Greensboro, had stated that if the Republican primaries of Guilford, his home county, failed to endorse him for State chairman, he would withdraw from the contest and would not allow his name to be presented to the State convention. The Guilford primaries were held on Friday, and the report comes from Greensboro that enough Blackburn delegates were elected to control the county convention held in Greensboro yesterday. As Greensboro seems to be the storm-center, the warm proceedings of the precinct meeting to elect delegates to the county convention from Judge Adams' home precinct, will be interesting. The meeting was held Friday afternoon and the Greensboro correspondent of the Charlotte Observer sends this account to his paper:

"The Republican precinct convention in the first precinct of the city in which Judge Adams resides, was held in White's photograph gallery at 3 o'clock this afternoon and resulted in the election of two delegations to the convention which meets to-morrow. The convention elected as a temporary chairman, Mr. A. W. Malone, who married a niece of Judge Adams, and who is advertising manager of the Daily Industrial News. The candidate of the Blackburn faction for chairman was Eugene Eckel, but it seems that some of the voters misunderstood the situation or failed to have ballots and the Adams candidate was elected by a vote of 22 to 14.

"Judge Adams, it is said, made a short speech in which he called upon the Republicans present to vote for him, saying that Blackburn had boasted that he could not carry his own precinct. The State chairman said they would show them. The Adams faction nominated A. W. Malone and C. A. Starbuck as delegates to the county convention and the Blackburn faction nominated J. T. Hedgepeth and E. A. Eckel. It was decided that the method of voting should be by standing in rows, the Adams men on one side of the room and the Blackburn men on the other. When the sheep and goats were separated, the vote stood for Adams delegates, 21; Blackburn delegates, 22. Judge Adams, when the vote was announced, said there must be some mistake and a recount was made with the same result. The Adams men would not allow Malone, who did their bidding, to announce the vote until they had gone out on the streets and endeavored to secure other votes. Failing in this, the convention ended abruptly without the chairman having declared the vote. Two separate caucuses were then held and the delegates of each faction elected.

"The convention was a warm number, as is freely admitted by both sides. Both factions were determined in their efforts and they worked hard. When the men were lined up and it was seen that it was close, men begged, insisted and almost dragged others from one side to the other, but none changed. At one time, men of the Adams faction declared that it was not right for the chair not to announce the vote and started to leave, but Judge Adams was in the door and intercepted them."

Everybody who knows what a Republican meeting is can imagine what a time there was in that first precinct meeting in Greensboro. It is said that the situation at Greensboro Friday night was warm and "feeling runs high." The Republican county convention of Wayne county met in Goldsboro Friday and elected delegates to the State, Congresional and judicial conventions. News was sent out from Greensboro Friday night, from Blackburn's headquarters, that Wayne had instructed for Blackburn, but that is probably dicounted by the report which comes from Goldsboro. The report gives this account of the Wayne convention:

"It was one of the most interesting conventions that the party has held in this county for years. There was a strong pull on the part of the leaders of the organization forces to instruct the delegation to the State convention to vote for Adams for State chairman. A resolution to that effect was voted down and the delegates will go uninstructed. Those who are acquainted with the delegates who will go to the State convention claim that the free vote will be cast for Adams and it is very probable that a majority at least of the delegation will support the present State chairman."

The above would indicate that Wayne will support Adams but the situation there seems to be a little complicated from the fact that the convention refused to instruct.

The fight seems to be one to the finish and we will know more about it when the clans gather at Greensboro Tuesday and fight it out.

BOOKS AND MAGAZINES.

From the B. F. Johnson Publishing Company, of Richmond, The Star has received the second of the three-book series entitled "Our Language," by Prof. C. Alphonso Smith, Professor of the English Language and Dean of the Graduate Department in the University of North Carolina. Book First dealt with the English language, while dealt with the English language, and grammer, while Book Third, yet to appear, will concern grammar. In the first book of Dr. Smith enough was seen to impress one that the series would be an invaluable work to students and not alone to them, but to all persons who try to speak and write English—good English. The three-book series is a scholarly production, and the author has hit upon the happy scheme of interesting the pupil while he instructs him. The books not only lay the plan for learning and using good English, but whet the appetite for literature. The purpose of Dr. Smith is carried out in a manner that impresses the leson and he weaves into the whole such positive interest that when one peeps into the book he does not care to lay it down till it is finished. The true value of the work of Dr. Smith is one upon which it is impossible to place an estimate, and it will doubtless stand for all ages as a help to understand and use English properly.

The American Monthly Illustrated Review of Reviews for July is one more edition of that strong and valuable publication and it is enough to state that its high standard equals if not surpasses the rest. However, this superior magazine is always so complete and thoroughly interesting that it is hard to tell which number eclipses the other. The features of the Review of Reviews are so varied and extensive that it is impossible to mention them in detail, but it might be mentioned that in it we find "A New Roosevelt Portrait," an excellent article on "The Rate Bill and What It Will Do," by Hon. C. A. Prouty, of the Interstate Commerce Commission; and numerous other strong contributions. In his incomparable comments under "The Progress of the World,' Dr. Albert Shaw, the editor, gives us a superior article on "The Packers, the President and the People." What we have mentioned of the features of the magazine is only a smattering of what it contains for the reader. The subscription price is $3 per annum; single copies 25 cents. ONE BROTHER SAVES ANOTHER

Both Took Keeley Treatment for Drink Habit and Were Cured

THEY NOW LEAD SOBER LIVES

Institute at Greensboro Saved Them From Whiskey that Destroys Men Family and Business—Treatment Restores Mankind.

The Keeley Institute, Greensboro, N. C.:

I will say that since taking the Keeley Cure for the drink habit the change that has come over me is all that could be desired. I went there with intention of getting cured just as though I had bought an article of merchandise with the intention of getting paid back for it. I simply had faith in what I was doing as my brother had found full restoration in the above treatment, and through him and his graciousness I found the best of results, and to him I am indebted for leading a sober life, a pleasure to my family and a respected citizen.

Now my unfortunate brother who should read this testimonial, I bear you this message in soberness and truth: That if you will take the same course and the results are not as you would wish them, it is your fault, not the treatment.

My experience since taking the treatment in March, 1903, has been that any man who has thrown away a goodly portion of his life and awakens to find himself in full possession of himself and his faculties has a great deal to be proud of—ready to begin his life anew, and then fight the battles equal to the best of men. So now, my brother, go—go now—believing that you will get amply repaid; add to your longevity and bank account as well. Success will crown your efforts if you will put them forward, and add one more enemy to the curse of whiskey that destroys men, families and business, and last, but not least, your soul.

W. F. PARKER.

—A certain well-known London lawyer excelled in crossexamination. His gift of humor often served him where other methods were unsuccessful. For instance, a young woman in the witness box was asked her age. She hesitated to reply. "Don't hesitate," said the lawyer. "The longer you hesitate, the older you are." And the witness took the hint.—Pearson's Weekly.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by failing hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

A STORY OF PROGRESS

Six years ago Geo. O. Gaylord realized that his business had reached the point that presented unusual opportunities of greater growth, and he laid his plans by building and moving into his present store on North Front Street which is a building of 49 feet front and one hundred and twenty-five feet deep and three stories high.

The location at the time was a little out of the trading section and it was generally surmised that his business would go to pieces because it was somewhat out of the range of other merchants. His reputation, however, was too well established. He moved his business to this seemingly out of the way location and with him went the trade.

He had been in business in this town for some ten years before beginning business with comparatively no capital and little or no experience, he has like the acorn now grown to be the oak and spreads the branches of his store over more floor space than any one men's store in North Carolina.

After being in this store for two years we found our floor space not large enough for our business and planned to build and did build another store three stories high with a frontage of 35 feet and a depth of 120 feet.

These twin stores he occupies alone and they are now filled to their utmost capacity.

Not satisfied; he is now planning to build still another additon to his store on a vacant lot in the rear to be 49 feet wide and 67 feet deep.

His business is increasing to such an extent and his departments becoming so cramped that he finds it a necessity to enlarge his store in this way to make room for his stock.

With this great amount of goods there must be represented a good assortment and his many departments are kept up full and complete.

He has a premium department which he has just been called upon to examine into as to the premiums given away within the last two weeks and the amount even surprised him. He cannot tell whether it pays or not, but he feels sure his customers appreciate it because they receive good and useful presents on their purchases while they cost them absolutely nothing.

This business is built up on a solid basis by dealing honestly, fairly and squarely with each and every one.

This store sells values and our merchandise sales grow daily.

This progress is no newspaper story. Look on the front of the big building on Front street and you will find only the name Geo. O. Gaylord on the store. He wants you to become a customer. He has goods to please any one and his assortment is so great than he can suit any one as to price.

In low prices and big values, he absolutely leads.

He keeps all classes of Summer goods and his stock is up to the minute.

Watch his progress. He has not reached the top yet. A few more years will unfold still greater surprises.

COME TO THE BIG DEPARTMENT STORE,

GOE. O. GAYLORD, Proprietor.

SPIRITS TURPENTINE

—On Friday night the Board of Aldermen of Winston granted a franchise to the Winston-Salem Southbound Railway Company to establish and operate an electric railway in the Twin City.

—The Republicans of the Tenth North Carolina Congressional District will probably nominate Richmond Peason to make the race for Congress against the Hon. W. T. Crawford, Democrat.

—Charlotte Observer: In Harper's Weekly, of July 7, Mr. H. Addington Bruce has a story on "America's Unofficial Independence Day." Mr. Bruce has a long story on the Mecklenburg Declaration, every line of which is interesting. Some people will not agree with him when he says that the Charlotte of to-day "looks sleepy," but on the whole he hits it off pretty well.

—Wadesboro Special, July 5: A very brutal homicide was committed three miles from here this evening. Three negroes, John Leak and two Little men, became involved in a quarrel just before a ball game. The quarrel resulted in the death of Leak, the others hitting him four times with bats, and afterwards cutting him. The slayers escaped, but it is reported are being pursued.

—Hamlet special July 6: This morning as No. 66, the fast passenger train from the South, was coming into the yards running about 20 miles an hour, a negro tramp, whose name is unknown and who was beating his way, jumped from the train just opposite Williams' Machine Shop, and receive injuries from which he died two hours later. It is supposed that he jumped from the train to avoid being arrested.

—The teachers of Durham county's public schools have received a slight raise for the ensuing year's work. In the larger schools, where but one teacher is employed, the salary was raised from $40 to $45. In other instances the increase was from $35 to $40, and from $30 to $35. In preparing for the fall work the board apportioned about $20,000; $1,500 was set aside as a building fund and $1,200 as a contingency fund.

—Wilson Special, July 5: Twenty-six of the Italians brought here to work on the Raleigh & Pamlico Sound Railway started to return North last night, but were stopped by the contractors on account of money the hands owed. Twenty-one additional Italians arrived yesterday to work on the railroad. At present the contractors are working west of here. A force of hands will begin grading the road in the direction of Washington at an early date.

—The Nicheel-Richardson Hardware Company, of Washington, N. C., has secured the contract to furnish all the iron to the Raleigh & Pamlico Sound Railroad Company to be used in the construction of their large steel bridge across Pamlico river at Washington. Their first order was a car load of spikes, bolts and nuts. This company is one of the city's most progressive firms and the placing of such a large order with them is quite a credit to their energy and push.

—Newbern special, July 6: Henry Bailey, colored, who killed John Lancaster at Vanceboro, June 21, was today found guilty of murder in the first degree and sentenced by Judge Shaw to be hanged August 31. The murderer was a tenant of Lancaster's The latter was not satisfied with Bailey's work and several times reproved him on account of his slackness in his duties. On the fatal morning Lancaster went to his farm and directed Bailey to some other work. After a brief quarrel, Bailey went to the house, a distance of 100 yards, and got his gun. He returned and shot Lancaster dead. The case was begun Thursday at 3 P. M., and was given to the jury at 12:45 P. M. to-day. Judge Shaw was visibly affected while pronouncing sentence on the man and was the only one in court room to be moved by the proceedings. This is the fifth hanging in Craven county since the war.

—Charlotte Observer: Under the direction of Dr. Richard H. Lewis, chairman of the Board of Health of North Carolina, Messrs. J. H. Anderson, of the United States Marine Hospital, and William W. Locke, of the Metropolitan Water and Sewerage Board, of Massachusetts, are here trying to locate the cause of the recent cases of typhoid fever at Elizabeth College. Dr. Lewis was here Wednesday and, after getting the specialists started, returned to Raleigh. Messrs. Anderson and Locke are gathering data and samples of water, food and milk, so that they may be able to arrive at the source of the trouble. Yesterday afternoon two sanitary policemen distributed blanks for the physicians of the city to fill out and turn over to the specialists. Last night the doctors of the city met with Messrs. Anderson and Locke in Dr. F. O. Hawley's office, at the city hall, and talked over the situation.

—On Friday the Secretary of State issued charter to the Peerless Manufacturing Co., at Lowell, with $200,000 authorized capital and $60,000 paid in. The company will erect a cotton mill to make yarns and cloths. The incorporators are W. C. Wilkinson, J. A. Durham, John M. Scott, O. P. Heath, George E. Wilson, W. F. Dowd, Charlotte; J. C. Rankin and S. M. Robinson, of Lowell. The Secretary also issued on Friday a charter to the Hotel Lafayette Company, of Fayetteville, the incorporators being Dr. H. W. Lilly, F. M. Thornton and H. McI. Matthews; capital $75,000, all paid in.

—Kinston special July 6: Mary Magdalene Joyner, a young colored woman of LaGrange, was placed in jail here this morning to answer the charge of murdering her new-born infant last April. The crime was divulged by another negro woman, who had trouble with the Joyner woman, and who was being tried by the mayor of LaGrange. This woman told the police if they would go to a certain spot and dig they would find the body of the infant. This was done, and charges were preferre against the Joyner woman. The opinion provides that others are involved in the crime. A special term of court for Lenoir county has been ordered by the Governor. It will convene August 6th and will be a two weeks' term for civil cases only. Judge Webb will preside.

—Salisbury special, July 6: There came nearly being a capture of a robber last night in East Salisbury when Messrs. A. N. Shoe and G. C. Gunter got their hands upon a negro and held him quite awhile. He was in the home of Mr. Gunter and, in trying to make his escape through a window, was caught. While one held him the other used a chair and was doing yeoman service when a bad lick struck the hand that held the game and liberated the fellow. He managed, after his severe clubbing to get away. Later it was learned that a man had tried to break into the house of John Ferrell, colored and had taken off his shoes for that purpose. These were given Officer Pool to work upon in the detection of the midnight prowler and pillager.

—Charlotte Observer, July 7: Charlotte citizens, regardless of party affiliations, are manifesting the liveliest interest in the approaching Republican State convention, which meets in Greensboro Tuesday. While the action of the Mecklenburg county convention in instructing for Blackburn, some time ago caused little surprise to those who were on the watch, it served to arouse a very general interest in the Greensboro meeting. The Observer has mentioned repeatedly that the Hon. Z. V. Walser, of Davidson county, would be a candidate for the State chairmanship. This is assured, for a well-known Charlotte citizen, a Blackburn man, has been asked to second the nomination. Mr. Walser was formerly attorney general of the State and is one of the most prominent members of his party in North Carolina. He has never been mixed up in the present factional fight, although he has been regarded as a Blackburn man.

AT SEWANEE UNIVERSITY.

Wilmington Boys Taking High Stand at That Institution.

(Special Star Correspondence.)

Sewanee, Tenn., July 7.—Mr. James Charles Craft, of Wilmington, has been appointed organist at the University Chapel. His class standing is very high and he is one of the most popular students in the University. He is in the Academic department.

William Gordon, another Wilmington boy, is doing excellently in the Theological department. He was short stop on this year's Varsity baseball team. The team had a remarkable record, not losing a single series and losing only three out of seventeen games. The hardest series was with Vanderbilt's strong team, each winning two games.

Cyrus Hogue, of Wilmington, has just entered his second year in the Academic department and is doing well.

Richard Grant has graduated with credit from the Grammar school and entered the Academic department.

Marion Harriss has entered the fifth form in the Grammar school from which he expects to graduate next June.

The Grammar school now has more students than any department in the University and is being forced to reject applications. The Medical department is the largest in the University proper, the Academic coming next, then the Theological and then the law. Next year will be the semi-centennial of the University at which the handsome new chapel will be dedicated.

Quite a number of Wilmintgon people expect to attend the next year's commencement when the oration will be delivered by the President of the United States.

AT HAMILTON'S CASINO.

Seven-Act Vaudeville Will Be the Attraction This Week.

Miss Lewis and the National Stock Company have given great satisfaction at the Wrightsville Beach Casino the past week, and for the coming week Manager Hamilton is confident he will have something equally as good in a seven-act vaudeville with all high-class performers. The costumes and all other paraphernalia will be all new and the offering, the public is assured, will be first-class. Later Mr. Hamilton hopes to engage John L. Sullivan and his partner for a monologue and boxing act. Hereafter the shows will commence promptly at 9:05 o'clock, lasting 45 minutes. Mr. Hamilton says that everybody will be pleased after coming to the Casino Monday night.

Mr. Solomon McNorton Dead.

Mr. J. A. McNorton, of the Treasurer's office of the Atlantic Coast Line in this city, yesterday received a telegram bringing to him the sad news of the death of his father, Mr. Solomon McNorton, a highly esteemed citizen, living near East Arcadia, N. C. Mr. McNorton was about 70 years of age and had been in poor health for some time. The son left at once to attend the funeral, which will be conducted to-day. Many friends of Mr. McNorton in this city and elsewhere will sympathize with him in his bereavement.

Rest Home on the Beach.

Applications for patients to be taken at the rest home on the beach may be made through the Secretary of the Associated Charities or the rector of St. James' church. ENCAMPMENT ORDER

Wilmington Light Infantry Preparing For Morehead City Latter Part of Month—Necessity For Full Attendance—The Roster.

Capt. Wm. F. Robertson, commanding the Wilmington Light Infantry, has received General Orders No. 3 from the office of the Adjutant General of the North Carolina National Guard, giving details of the annual encampment at Morehead City from July 25th. to August 3rd., inclusive of time going to and returning from camp. Each company will be required to attend with not less than seventy-five per cent. of its enlisted strength as ascertained by duly certified muster roll. The cotton khaki, or Summer service uniform, will be the prescribed dress for both officers and men while on duty at camp, and mixed uniforms will not be permitted under any circumstances, either on or off duty.

Capt. Robertson and his staff have begun early their efforts to carry into camp a full enlistment of the W. L. I., and there is every reason to believe that they will be enabled to do so. While most of the members of the company are men under employment, the experience of last year gives the hope that employers still recognize the importance of a military company in the community and will not hesitate to allow their employes this brief respite from their duties. Without the W. L. I., the community would be in a deplorable condition in case of an emergency and it is absolutely necessary to the life of the company that an approximate full enlistment be carried into camp. A year or two ago, the company fell short of the required number and it was all but disbanded largely through the indifference of employers of enlisted men. They go into camp at some sacrifice and it is felt certain that employers will not stand in the way of their doing this service to their community and the State.

As no discharges are granted or enlistments permitted within 30 days of the encampment, according to permanent order issued last year, the roster of the Wilmington Light Infantry as it is now constituted and will go into camp is as follows:

Captain—Wm. F. Robertson.

First Lieutenant—J. McRee Hatch.

Second Lieutenant—Thos. R. Orrell.

Seregants—F. L. Cantwell, T. J. Gause, L. E. Hall, H. B. Peschau.

Corporals—J. H. Davis, W. L. Walker, A. C. Smith, N. S. Morse, W. L. Moore, C. L. Myers.

Privates—Fred. Banck, A. G. Bowden, J. B. Everett, Z. K. Bell, T. W. Davis, A. G. Gibbons, J. F. Gause, Jr., R. F. Hamme, Jr., P. M. Holmes, N. Huske, Jr., E. C. Hines, J. W. Little, Jr, A. G. Lynch, J. B. Lynch, J. A. Myers, R. L. Meares, T. D. Meares, Jr., L. L. Merritt, L. B. McKoy, R. H. McKoy, H. McClintock, B. W. Newkirk, Jr., Norwood Orrell, H. L. O'Neill, W. A. Peschau, E. F. Peschau, J. F. Post, Jr., J. S. Potts, L. J. Poisson, H. P. Reaves, W. L. Smith, J. L. Smith, W. Stokley, J. C. Slocumb, R. E. Tapp, J. C. Trembley, Waddell Watters.

LOCAL DOTS.

—The Rev. W. Sakakibara will preach at the Chapel of the Good Shepherd at 11 o'clock this morning and the Rev. R. W. Hogue at 8 P. M.

—An excursion of between 500 and 600 people reached the city yesterday from Stedman, on the A. & Y. Railroad. The party returned, leaving the city last night at 7:45 o'clock.

—There was a slight error in the quotations of crude turpentine as given in The Star yesterday. The quotation should have been $4.60 for virgin.

—In the police court yesterday Will Hendricks, colored, was bound over for selling liquor without license and on Sunday. A bond of $50 was required in each of the two cases. Three cases of plain drunk were also disposed of yesterday, the defendant in each instance being left off with the costs.

Back From Rocky Mount Tourney.

Messrs. J. G. Littig and A. A. Hergenrother returned yesterday evening from the gun club tournament at Rocky Mount. They were quite successful at the traps and took a goodly number of prizes. Each of them took several first and several of the other prizes, including some of the "coin of the realm."

DIED.

IN MEMORIAN.

Near East Arcadia, N. C., on the morning of June 6th, 1906, the spirit of Beverly Littleton Daniel, last son of the late Col. John O. Daniel, of Bladen county, N. C., bade adieu to the cares and sorrows of this life and went to join the loved ones in the sweet beyond. Mr. Daniel was born August 23rd, 1833, and was, therefore, in his seventy-third year. On November 6th, 1855, he was happily married to Miss Sarah Walker Turrentine, daughter of the late Rev. Morgan C. Turrentine, one of the pioneer preachers of Methodism. Nine children blessed this union, three of whom are left to mourn their loss, namely, Mr. E. M. Daniel, of Seffner, Fla.; Mr. B. L. Daniel, of East Arcadia, N. C., and Mrs. J. A. McNorton, of Wilmington, N. C. One aged sister also survives him, Mrs. E. L. Lucas, of East Arcadia, N. C. He is also survived by several grandchildren, among whom is Mrs. W. R. Allen, of Wilmington, N. C., and three great-grandchildren, besides other relatives and a host of friends who mourn his demise.

Deceased connected himself with the Methodist Episcopal church in 1877, and ever afterwards was a true and loyal follower of the meek and lowly Jesus; the faith which he professed being exemplified in his life. A devoted and loving husband and father, a true friend and an earnest Christian has been taken from the courts of earth to join the choir of heaven; he who always esteemed it a high privilege to contribute to the cause of humanity is no more.

His loving companion preceded him to the spirit land just two years and four months, and since that time it has seemed to us that his perception of material things grew dimmer and dimmer, but as the tide of time swept his barque toward the eternal shore the radiant flashes from the glory land illumined more and more his spiritual vision until—Oh! so fitting—with the dawning of the earth-born day, his spirit kissed the dawning of that eternal morn which shall grow brighter and brighter throughout all eternity.

Having previously expressed a perfect willingness to go when called, the Grim Monster had no terrors for him, but rather opened for the earth-bound soul the gates of light and transformed his mortal cares to immortal joys.

May the bereaved ones find comfort and consolation in the blessed assurance that death to the Christian is but the open door to a brighter and better day.

ELECTION STOLEN IN COLORADO

Ballot Box at Denver Debauched to Successfully Carry Out Franchise Frauds.

OFFINIALS TO BE INDICTED

Sheriff, Coroner and City Attorney to Be Removed—All City and County Officials to Be Investigated at Once.

By Wire to The Morning Star.

Denver, Colo., July 7.—District Judge I. Mullins, sitting in the criminal division of the District Court, today made an order calling a grand jury to investigate all city and county officers "and such other matters as may be submitted to the jury. "The court declares both the sheriff and coroner to be interested in the matters to be investigated and appoints elisors to draw the jury.

Before calling the grand jury Judge Mullins reviewed the proceedings in his court on the petition of the league for the appointment of a grand jury to investigate alleged franchise frauds at the city election and for the removal of the sheriff, coroner and district attorney. He said:

"The showing of the Honest Election League were such as to warrant the court in finding that the grossest frauds were committed on election day of May 15 last; that a bold and brazen attempt was made to steal the election and on the face of the returns succeeded by debauching of the ballot boxes and the corruption of public officials charged with the ferreting out of crime and the punishment of criminals were either parties to this outrage or were so negligent in the discharge of their duties as to make them particeps criminis."

INSTRUCTOR WOODWARD DEAD.

Supervised Building of Many Famous Warships.

By Wire to The Morning Star.

Washington, July 7.—The Navy Department has been informed of the death of Naval Constructor Joseph J. Woodward, of the board of inspection and survey, who expired suddenly from heart disease on a train of the Canadian Pacific Railroad at Field near Banff, Canada, yesterday.

Naval Constructor Woodward was on his way to Seattle, Washington, on official business in connection with the government trial of the first class battleship Nebraska.

Constructor Woodward was one of the leading men of his profession and had much to do with the designing and building of the modern American navy. He was assistant constructor at the New York navy yard when the original Battleship Maine was built. He also had to do with the designing of the Brooklyn and the Iowa, and others. Later on, as superintending constructor at Newport News, he supervised the building of the Kearsarge and Kentucky and many other ships. Since 1901 he had been a member of the board of inspection and survey. He leaves a widow and one child.

IS NOT AN ANARCHIST AT ALL.

August Rosenberg Arrested in Germany Was An Experimenter.

Altona, Prussia, July 7.—August Rosenberg, formerly of Seattle, Wash., who was arrested here yesterday as a suspected anarchist, affirms that he is an American citizen who sold his property in Seattle and returned here with the intention of passing the remaisder of his life in the village of Lutjenburg, Schleswig-Holstein, where his wife was brought up. He says he has passed the time of life for energetic deeds, even if he believed in them. His wife has been liberated.

Seattle, Wash., July 7.—The central committee of the United German Societies, at a meeting last night, declared that August Rosenberg, arrested in Germany upon suspicion of being an anarchist, with designs against the life of Emperor William, was nothing but a harmless mixer of paints. The letter which caused the arrest of Rosenberg, the members of the society claim, was written by a secret enemy of Rosenberg's to the authorities in the fatherland. Rosenberg, it is said ,was an inventor and investigator of paint compounds and that the chemicals and apparatus found in Rosenberg's old shop were all for the purpose of experimentation in this line. Rosenberg is 72 years of age. He had amassed a competency for himself and wife, and his return to Germany was to spend the rest of his days in ease.

A WORD OF CAUTION.

Something Regarding the Cotton Stalks Products Company.

(Special Correspondence.)

Chattanooga, Tenn., July 3.—The Tradesman in its next issue will call attention to a recently organized company that has been heralded by its promoters as one of great value to the South, in that it will convert a hitherto waste product into articles of daily consumption and great commercial importance, thereby adding many millions of dollars to the productive wealth of the South.

This company is styled the Cotton Stalks Products Company, and was incorporated under the laws of Maine with a capitalization of $15,000,000, as stated in the orilgnal announcements made concerning it, although another statement from one of the promoters gave the information that this capitalization was on the basis of $3,000,000 of 7 per cent. preferred stock and $12,000,000 of common stock.

In reply to a letter from The Tradesman to Mr. W. P. G. Harding, of Birmingham, president of the First National Bank of that city, and who was named as one of the directors of this company, Mr. Harding makes the following statement:

"The understanding, however, upon which I authorized the use of my name as a director, is distinctly that only so much of the stock, probably about $300,000, shall be offered for sale at present, as may be necessary to build, equip and finance one mill, to be located at some eligible point, and that future stock offerings to the public are to be based entirely upon the actual results obtained by this mill."

In the announcement made of the promotion of this company, together with an explanation of its plans, and which appeared exclusively in the New York Commercial, such details are given as would indicate that the enterprise had passed the experimental stage, for in the body of that announcement, Harvie Jordan, its president, is quoted as saying: "Paper manufactured from cotton stalks is of the strongest texture and softest finish. Several plants will be erected during the next few months in certain sections of the South which will be in full operation by January 1, 1907."

From this statement one would naturally infer that the company was possessed of abundant capital already with which to inaugurate its plans, for Mr. Jordan distinctly says "several plants" are to be erected in the next few months, and yet Mr. Harding says in effect that the company is without money and will rely on sales of stock

It is a pretty custom to present each guest, on arriving, with a Japanese fan—or at an afternoon party with both fan and umbrella. Also there are numberless curios costing anywhere from 5 to 50 cents apiece, which may be given away as souveners or as prizes if games are played. Dwarf Japanese plants, growing in little jardinieres of glazed ware are also very desirable for either purpose.

Refreshments should be served from Japanese trays, with Japanese paper doyleys and napkins. The correct viands are wafers and sweetmeats of various kinds with Japan tea either hot or iced, and cake, a Japanese drink made from rice.

Should the hostess prefer to emulate the noble red man instead of the suave Oriential, the lawn may be temporarily transformed into a miniature Indian encampment. A near-Indian tepee, looking enough like the real thing to deceive any ordinary being, can be purchased already for setting up; and in this—or from it—the refreshments may be served. Navajo blankets, Indian baskets and pottery, papoose slings, tomahawks of paper mache, pieces of wampum and a pipe of peace are among the characteristic decorations for an Indian lawn party, while souvenirs of birch bark will prove acceptable to the guests.

GREAT POSSIBILITY OF CEMENT INDUSTRY

Astounding Growth of Manufacture of This Valuable Building Material—Opens Wide Field For Enterprise in South—Varied Uses.

Baltimore, Md., July 5.—In view of the rapidly increasing uses of cement and the possibilities of cement manufacture in the South, the Manufacturers' Record of this week reviews the remarkable development of the cement industry in the United States, and says:

"In 1880 the United States produced 3,800,000 tons of pig iron; last year the total production was nearly 23,000,000 long tons, or a little over six times as much as the production of a quarter of a century ago. This is everywhere accepted as one of the most marvelous growths in industrial history, and yet it is not to be compared with the rate of growth in the manufacture of Portland cement. Wherever one turns he can but be struck with the amazing increase in the use of cemtnt for concrete construction. Not only in great office buildings and immense factories, but in hotels, dwellings and in every other form of construction work, concrete is everywhere coming into use. The creation of the Portland cement industry as a result of this form of construction is one of the wonders of the industrial world. In 1880 the total output of Portland cement in the United States was 42,000 barrels; last year it was 34,000,000 barrels, or over 800 times as much; whereas in pig iron production the output of 1905 was only about six times as much as that of 1880. And yet the growth of the cement industry has in no way hampered or interfered with the growth of the iron industry. On the contrary, but for the ceation of this new industry, the construction development of the country would have been halted, or else we would have had an absolute iron and steel famine.

"Outside of the general value to the country by the development of such a great industry with its vast creation of wealth and of employment, there is the great specific value of having come at such a fortunate time to supplement iron and steel, and equally important in helping to save American forests from complete destruction. As concrete has supplemented iron, so has it helped the lumber situation by coming into many forms of construction where timber would otherwise have been essential. The demand for timber will continue to increase to such an extent as to endanger even beyond what we have heretofore seen our forest interests, and but for cement this would become far worse. This industry, therefore, has not only the value of a new creation of vast extent to its credit, but to this it adds immeasurable value as supplementing iron and steel and lumber. Cement has simply come in as an auxliary to help maintain our vast building activity.

"There is no likelihood that the development of cement in the future will be other than an aid to the expansion of the iron and steel industry, for the latter is growing with as great rapidity as capital and labor can be found adequate to utilize our ore and coal resources. But as we seem to be standing just at the threshold of a still further expansion of world-wide importance in iron and steel, with a world-wide expansion of every line of human activity, so we seem to be but at the beginning of a development of the cement industry, which, while the rate of growth cannot, of course, continue at the same great percentage of increase as for the last quarter of a century, will at least, in all probability, continue as great in the actual figures of advance as of late years. As late as 1900 the total cement production of the country was only 8,400,000 barrels. The next year it jumped to 12,700,000 barrels, followed in 1902 by a gain of nearly 5,000,000 barrels, and reaching in 1903 an output of 22,300,000 barrels, from which there was an advance in 1905 to 34,000,000 barrels."

DUNN'S BUSINESS REVIEW.

Outlook Good for Tremendous Fall Business—Increased Railroad Earnings.

New York, July 6.—R. G. Dunn & Co.'s Weekly Review of Trade will say to-morrow:

"Seasonably quiet conditions have appeared in many commercial departments, the first week in July invariably bringing the minimum of activity in certain occupations, but preparations for unprecedented Fall and Winter trade increase with the maturity of the crops. A few small strikes were started with the new mopth, but the aggregate of idleness is probably at the lowest point ever touched at this season. Prospects for the coming season are brightened by the appearance of jobbers in the primary markets several weeks earlier than usual. Failure returns for the first half of 1905 showed pronounced improvement in every department except the ore-embracing occupations, chiefly of a speculative nature, and the ratio of defaulted liabilities to solvent payments through the clearing houses during the last three months was only 73 cents to $1,000. Railway earnings thus far available for June show gains of 9.7 per cent. over the figures of 1905, while for the last week at this port foreign commerce returns exhibited increases of $3,541,098 in imports and $756,365 in exports.

"Steel mills have found some difficulty in securing satisfactory deliveries of material and entered the scrap market to a degree that hardened prices.

"Although few changes have occurred in list prices of cotton goods the primary markets are actually weaker, on account of special concessions in order to secure contracts. It is still noteworthy that purchases are restricted to pressing requirements, practically no forward deliveries being arranged.

"Failures this week were 133 in the United States against 160 last year."

The announcement of the engagement and early approaching marriage of Miss Isabella Struthers and Dr. John Charles Wessell has been received with much pleasure by the friends of the couple. The bride-elect is a young woman of many graces and charming character, who is exceedingly popular with her large number of friends, while the groom is none the less popular with his scores of friends. The marriage will take place at the home of the bride's parents, Mr. and Mrs. Wm. Struthers at Grist, N. C., on the 24th inst.

A marriage which is soon to take place and which is of much interest to a large number of friends, is that of Miss Josephine Bell Hale and Mr. Dudley Davis Lennon, both of this city. The bride-elect is the attractive daughter of Rev. Dr. Fred D. Hale, and the groom is a young man of fine qualifications. The marriage, which will take place at the home of Dr. and Mrs. Hale on August 1st., will be a very simple and quiet one, at which only relatives and near friends will be present. After the ceremony the couple will visit the groom's parents at their home in Allenton, this State.

* * *

An event of much interest both in this city and in other sections of the State will be the marriage of Miss Annie Taylor, of Pittsboro, N. C., and Mr. E. Strudwick Nash, of this city, which is to take place in the early Fall, probably in October. Miss Taylor was a very welcomed visitor in this city last year, who attracted very many to her by a charm of manner which not only attracted but made and held warm friendships. Mr. Nash is a very popular young gentleman of this city whose friends think he is deserving of all the happiness he is enjoying over his approaching marriage

A very delightful trolley ride and beach party was given by Miss Duralde Borden on Tuesday evening complimentary to her visitors, the Misses Slocumb, Davis and Borden. The party was chaperoned by Mrs. Edward Borden and Mrs. Richard W. Price. Miss Duralde's guests were Miss Louisa Slocumb, Miss Annie Lee Davis, Miss Mildred Borden, Miss Eugenie Woodruff, Miss Jennie Woodruff, Messrs. Frank Williams, Louis Belden, Milton Gore, Sidney MacMillan, George Ashe, Henry Taylor and Sam Royall. The party enjoyed the gaities of Lumina, where they indulged in the pleasure of dancing and admired the beauties of a moonlit sea.

The soft rays of a perfect moon, a pretty lawn, bordered with beautiful flowers, cozy corners, with tete-a-tete seats, over which the mellow lights from pretty Chinese and Japanese lanterns were diffused, were the conditions which lent an inspiration to many young men last Monday evening, who were guests of Miss Lina DeRosset at a progressive proposal party, given complimentary to Miss Leonore Seay, of Charlotte. It was a very pretty little entertainment which was unique and had the added charm of novelty. Upon the assembling of the guests each gentleman was given an assignment card on which was the name of one of the opposite sex. At a given time each gentleman was to take his partner to a pretty little bower where he was to tell the story of his life and propose for the hand of his fair companion. Behind this bower were the judges, who were unknown and unseen, who awarded to Mr. Carley West the honor of having made the neatest and best proposal and to Miss Seay the prize was given for the most graceful and easy acceptance. The form of entertainment afforded much amusement as the young ladies exchanged experiences. It must not be assumed that Mr. West's success was due to any very great degree of practice or experience along this particular line, as a "proposal party" and a proposal, are two very separate and distinct propositions. Delicious refreshments were served and the guests departed, carrying with them very pleasant impressions of Miss DeRosset's progressive proposal party.

The little Misses Dorothy Nash and Elise Cronly will be the hostesses of a very pretty little party on Tuesday afternoon to which quite a number of their little friends have been invited

were the very neat little invitations received by friends in the early part of the week. The weather conspired against the fair hostess who was, on account of rain, compelled to change her plans by offering to her guests an entertainment indoors, which however, was none the less pleasant than the contemplated garden party would have been.

Upon the arrival of Miss Hardwicke's male guests each was handed a card on which was written the names of four charming young ladies whom he was to entertain at stated times during the hours of the evening's pleasure, which porved a very pleasing feature, as every guest was put in touch with the others. At the signal, the ringing of a little silver bell, the gentlemen were given another card on which was the name of a lady, whom he was to find, and the task assigned was written on the back of the card, a description of the dress she wore. This feature of the evening's amusements afforded merriment to the young ladies, as the descriptions were read aloud, when peal after peal of merry laughter rippled through the air, which became so infectious as to cause the young men to smile audibly over their own lack of knowledge of things feminine. The descriptions which were prize winners were "green dress trimmed all down the front with mainonaise dressing." The dress was actually of some green material and, as the gentleman had awkwardly spilled the salad in the lady's lap, the mainonaise dressing was also there. The other gem kas "a blue dress which looks like she was set up on it." It was a Princess gown with one of those high stiff waists which was so neatly and originally described. The rooms were tastefully decorated and most tempting refreshments were served and the guests departed carrying with them pleasant memories of an evening of much pleasure and amusement.

A Tragic Finish.

A watchman's neglect permitted a leak in the great Northern Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflamation caused by a neglected cold; but Dr. King's New Discovery saved my life. Guaranteed best cough and cold cure, at all druggists. 50c and $1.00. Trial bottle free.

THE COTTON MARKETS.

New York, July 7.—The cotton market opened steady at an advance of 2 points, which was disappointing response to the high cables and bullish visible supply statement. The weather was considered favorable, weekend crop reviews were bearish and there seemed to be little desire to buy in a week-end market which ruled very quiet after the opening and held around the initial prices.

Receipts at the ports to-day 2,546 bales against 4,824 last week and 11,676 last year. For the week, estimated, 25,000 bales against 25,572 last week and 85,703 last year. To-day's receipts at New Orleans 729 bales against 1,374 last year and at Houston 641 bales against 2,394 last year.

Spot cotton closed steady; middling uplands 10.80; middling gulf 11.05; no sales. Futures closed barely steady. Prices follow:

People who have tried Electric Fans appreciate them and you cannot buy them from them but you can buy them from us. We have lots of them but the factories say we cannot get any bore because they can't make them fast enough. You had better get one or more now while you can. Don't you think so?

We do wiring pretty well too; at least we don't know of a dissatisfied customer. And our prices are right, that's the most interesting part.

J. & E. MAHONEY.

Attention is called to the advertisement in this and subsequent issues, of J. and E. Mahoney, Wholesale Liquor Dealers and Distillers, of Portsmouth and Alexandria, Va.

This firm was established forty-eight years ago, and its volume of business shows a steady increase. Their record for honest goods at honest prices has no superior.

Situated in a great railroad and steamboat center it offers its North Carolina patrons many advantages, among them low freight rates and expeditious delivery. Over fifty years ago it began distilling its own whiskey, and to-day its straight whiskies, "Arlington" and Cameron Springs," stand without a peer. The distillery which is situated at Mahoneyville, near Alexandria, Va., also furnishes the product for the well known and popular Blends, "Belle of Virginia," "Lake Drummond" and "Red River." They also operate a large branch establishment at Norfolk, where is made Pigeon Gin, the acknowledged kidney and bladder tonic; Old North State Corn aged and matured in wood, and various others. Here you will find the most complete stock of brandies, gins, wines, and cordials carried in the South.

THIRD NOMINATION FOR WILLIAM J. BRYAN

Democratic Statesman Says He Will Stand for Presidency Again If Party Wants Him and Conditions Seem to Demand It

By Cable to The Morning Star.

By Wire to the Morning Star.

Washington, July 7.—Former United States Senator James K. Jones, of Arkansas, who was chairman of the Democratic National Committee when William J. Bryan made his campaign for the Presidency in 1896 and 1900, has received a letter from Mr. Bryan in which he announces that he will accept the nomination for President for the third time if it is tendered to him. The letter is dated June 18th at Stockholm, and is as follows:

"I have been watching political developments and have noted with gratification the vindication of Democratic principles. You have correctly stated my position. As I wrote to Colonel W. Elmore, I shall do nothing to secure another nomination and do not want one unless the conditions seem to demand it. I may add that I enjoy the freedom of private life and feel that I can do some good without holding any office.

"There are, however, certain reforms which I would like very much to see accomplish and to assist in the accomplishment of these reforms I am willing to become the party candidate again, if when the time for nomination arrives the advocates of reform are in control of the party and think that my candidacy will give the best assurance of victory. If some one else seems more available I shall be even better pleased.

"I need not assure you that I am more interested in seeing our principles triumphant than I am in the personnel of the ticket. The country needs to have Jeffersonian Democracy applied to all of the departments of the government, state and national, and I am content to help make this application. Yours truly,

"W. J. BYAN."

William J. Bryan and Mrs. Bryan are spending the week-end as the guests of Ambassador Whitelaw Reid and Mrs. Reid at Weist Park, near London, to which place they rode in an automobile yesterday morning. Among the guests invited to meet Mr. and Mrs. Bryan are Lord Goschen, Miss Goschen, Lady Herbert, Lady Evelyn Ward and Lord and Lady Monson.

CHINESE PLOT TO MURDER.

Highbinders in Philadelphia Kill Chinamen and Shoot Missionary.

Philadelphia, July 7.—Sensational testimony was offered to-day at the coroner's inquest in the case of Dong Soo, a Chinaman, who died from gun shot wounds received during a factional fight in Chinatown on the night of July 4. Lee Toy, who was long known as the "Mayor of Chinatown," testified that at a recent meeting of a band of "Highbinders" several men were marked for assassination, among them Rev. Freedrick Poole, an Episcopal missionary who is located in the Chinese district. Mr. Poole was shot during the disturbance on July 4 and is now in a hospital. Lee Toy stated that the murderers were to be committed during the celebration of independence day. He further testified that he saw Yung Gow fire at Dong Soo.

Forg Loon, an interperter for the Parkhurst Society, of New York, was present at the inquest to interpret the testimony. Yung Gow, Mok Kin and Yun Why Joe were committed without bail to await the action of the grand jury.

At Little Rock, Ark., yesterday Attorney General Rogers and Prosecuting Attorney Rhoton, of Pulaski county, filed suit against the Waters-Pierce Oil Company, alleging a conspiracy to control the output and prices of oil and asking for damages in the sum of two million dolars. They also ask that the company forfeit its right to do business in Arkansas. The bill alleges that the Waters-Pierce Oil Company is associated with the Standard Oil Company, the Republic Oil Company and others.

EFFICIENCY OF ARMY TO BE DEVELOPED

Important Plan Set on Foot by President and Secretary of War—Posts to Be Concentrated and Manoeuvres Carried Out

By Wire to The Morning Star.

Oyster Bay, July 7.—Important steps calculated to materially develop the efficiency of the army were taken today by President Roosevelt and Secretary Taft at Sagamore Hill. In his last annual message to Congress, the President said:

"The number of posts in which the army is kept in time of peace should be materially diminished and the posts that are left made correspondingly larger."

This recommendation is to be carried out at once. Seven brigade posts, to be commanded by brigadier generals, are to be established. Two others are desired but the funds at the disposal of the Secretary may not be sufficient to allow of their equipment during the present fiscal year. The posts which the President and Secretary Taft tentatively decided today to enlarge to brigade posts are those at Fort Riley, Kas.; Fort Leavenworth, Kas.; Fort Houston, Texas; Fort Robinson, Nebraska; Fort D. A. Russell, Wyoming; Fort Still, Oklahoma and Fort Oglethorpe, Ga.

It is desired to have one in Pennsylvania and one on the Pacific coast, but these will have to be taken care of later. Final action regarding those posts will be taken a week from next Monday, when Secretary Taft will make a second visit to Oyster Bay. The army appropriation act carries $800,000.

In attempting to carry out his plan, the President is simply following the line he indicated to Congress in his message. It is his first belief that the army should be trained above all else to act in a mass. To this end he suggested that provision be made for manoeuvres of a practical kind. Of this plan he says the generals and colonels would have apportunity to handle regiments, brigades and divisions and the commissary and medical departments would be tested in the field. What he added regarding the establishment of larger army posts was that no local interests should be allowed to stand in the way of assembling the greater part of the troops which would, at need, form our field armies, in stations of such size as will permit the best training to be given to the personnel of all grades, including the high officers and staff officers.

"To accomplish this end," he said, "we must have not company and regimental garrisons, but brigade and division garrisons."

The President follows this with comment on the weeding out process the West Point Military Academy does on prospective army officers, and says there should be some process in the army that would achieve the same end. Provision, he maintained, should be made for the promotion of exceptionally meritorious men over the heads of their comrades, and for retiremnt of all men who have reached a given age, without going beyond a given rank. The plans now being worked out by the President and the Secretary of War, it is intended will achieve much that the President has expressed a desire for in the foregoing recommendations to Congress. The locations selected are all places where the government has large reservations and where troops may be mobilized to advantage for manouvres or other purposes. At Oglethorpe, Ga., the post is adjacent to the Chickmauga National Park.

Besides going over the army post matter the Secretary discussed the speech he is to deliver to the Republican State convention of North Carolina at Greensboro Monday night. The Secretary has one more speaking engagement, an address before the Ohio bar soon at Put-in-Bay after which he is to have a two months rest at Murray Bay, eighty miles below Quebec.

The Secretary will accompany the President to Panama.

NO REBELLION IN SAN DOMINGO

o Minister Joubert of Negro Republic Declared at Washington Yesterday.

DOUBTS NEWS OF FIGHTING

Says Reports Are Put Out By Enemies of President CaCeres—Roosevelt's Customs Collecting Scheme Not to Be Molested.

Washington, July 7. — Frederico Velasquez, the Dominican minister of Commerce and Finance, and Emilio Joubert, the Dominican minister to the United States, returned to Washington to-night from Virginia Beach, Va., and have been in conference with Dr. Hollander, the representative of this government, who has charge of the collection of customs in San Domingo, and other American officials concerning the situation in San Domingo.

Mr. Joubert is of the opinion that the reports of the revolutionary movement are based on information supplied by enemies of President Cacares, and says he does not think it is true that 500 revolutionists are opposing the government troops at Monte Christi. No change in the government is anticipated by Mr. Joubert, who says the negotiations now pending for a settlement eventually of claims against the Dominican government do not contemplate any expenditure of the money the United States is now holding for the little republic until after the ratification of the Dominican treaty.

"Reports that an attempt is being made to get a division of the funds derived from customs collections are without foundation," said Mr. Joubert. "The negotiations now pending are for preliminary arrangements which will make it possible to pay out the money without delay when the treaty shall be ratified. The adjudication of claims and other preliminary work might well be done immediately and then the funds could be disbursed more speedily when the proper authority is granted."

At Readville, Mass., yesterday Sweet Marie won the $7,500 match race with Wentworth in straight heats (two in three). Time, 2:07, 2:07 3-4. Liverton was entered for a three cornered contest with Sweet Marie and Wentworth, but was withdrawn on account of a sprained ankle.

MRS. THAW ANNOYED BY MISSIONARIES

Women Hang Out at the Tombs and Follow Up Former Chorus Girl—Seven Alienists to Testify for Harry K. Thaw

By Wire to The Morning Star.

New York, July 7.—Either five or seven of the most eminent alienists in the world will be employed in connection with Dr. Allen McLane Hamilton as expert witnesses for the defense on the mental condition of Thaw according to statement made today by T. C. McManus of counsel for the slayer of Architect White. Mr. McManus said he could not state who the men would be but he was certain the choice would be made from those held to be the best in their field and that no expense would be spared in securing their services. Dr. Hamilton will first report his conclusions to the lawyers, said Mr. McManus and later when his conferees are named he will discuss the case with them. Dr. Allen McLane Hamilton, the alienist, who made an examination of Thaw yesterday, for the defense, called on Thaw again today. Mrs. Thaw called upon her husband before the alienist left. When Mrs. Thaw entered the prison she was surrounded by women missionaries who greeted her cordially and accompanied her up the stairs. It was when one of the attorneys for the defense who chanced to be present at the time saw the party going through the corridor, that a protest was made to the warden.

William Thaw, the prisoner's nephew and another young man, called at the Tombs today. They were not permitted to see Thaw and went away. Terence J. McManus, who accompanied the young men to the prison, had a long talk with Thaw.

Afterwards, in speaking of the mental examinations which have been made by Dr. Hamilton, Mr. McManus said:

"So far as it has proceeded, the examination has been absolutely satisfactory to the defense."

Women missionary workers in the Tombs were requested today not to annoy Mrs. Harry K. Thaw when she makes her daily visit to the prison to see her husband. The request was made by Warden Flynn at the suggestion of one of Thaw's counsel. The attorney told the warden that he does not care to take the chance of spies for the prosecution coming in contact with Mrs. Thaw by representing themselves as missionary workers.

To Get Evidence in Pittsburg.

Pittsburg, July 7.—Roger O'Mara, former superintendent of police of this city, returned today from New York where he received final instructions from Harry Kendall Thaw's attorneys for the collection of evidence in Thaw's defense for the killing of Stanford White. O'Mara declined to talk about the case further than to say that he and his associates were retained to gather evidence here in beahlf of the prisoner.

WARM WIRELETS.

The Louisiana House of Representatives, in regular session at Baton Rouge Friday night, adopted a resolution recommending the endorsement of William J. Bryan by the Democratic party of Louisiana.

Wilson Mizner, of San Francisco, in an interview states that he is to return to his wife, formerly Mrs. Charles T. Yerkes, of Chicago, who is reported to be ill. Mizner declares that he and his wife never had an estrangement.

At La Salle, Ills., yesterday Charles Greenberg, a prize fighter who was injured Wednesday night in a fight with Eddie Tancel, of Chicago, died from the injuries received. Tancel was placed under arrest, but is now out on bail.

All anxiety for the safety of the lighthouse tender Laurel was relieved yesterday when the Lighthouse Board, at Washington, received a telegram from Lieutenant Commander Hood, the lighthouse inspector at Key West, reporting that she had been anchored under Lobos light from June 25 to July 2.

At Toledo, O., yesterday, Commons Pleas Judge Morris fined Attorney Orea E. Monnett $100 and costs for contempt of court. The lawyer criticised the judge for granting the injunction restraining County Treasurer Parker from collecting the legal penalty on taxes. The judge, in imposing the fine on Monnett, said that the action of the county treasurer and his attorney was a plot to rob the taxpayers of the county. The attempt on the part of the treasurer to collect the penalty the other day caused a riot in his office.

Secretary of the Navy Bonaparte has issued a circular inviting ship designers and shipbuilding firms to submit plans for the 20,000 ton battleship authorized by Congress. The naval bureaus have also been instructed to prepare like plans for comparison with those submitted by private bidders. The preliminary plans are to be submitted by November 1 next.

DIVORCE SUIT OF MILLIONAIRE

Wealthy Paper Manufacturer, of Pittsburg, Names His Coachman as Co-respondent.

TRIAL TO LAST FOUR WEEKS

Evidence Was Brought Out Yesterday That Coachman's Room Was Entered and Letters Involved Were Stolen.

Pittsburg, July 7.—The attorneys representing Augustus Hartje, the millionaire paper manufacturer of this city, in his suit for divorce against his wife, Mary Scott Hartje, in which Thomas Madine, the Hartje coachman, is named as a cor-respondent, announced late to-day that in their judgment the case would continue four weeks more.

The most important development in the case to-day was the information that Madine's room had been entered several weeks ago and letters and papers taken from his trunk. Madine reported the robbery to the police, who have a record of it. Mrs. Richardson, Madine's landlady, says a man giving the name of "Craige" engaged a room at her house, stayed one night and the next day the robbery was discovered. The police are now looking for "Craig."

John S. Robb, assistant district attorney, said to-day that other charges of conspiracy will be instituted, in addition to those made against Augustus Hartje, John L. Welshons, and the negro coachman, Clifford Hooe, but it was not likely that further action will be taken until after the close of the present trial. The case, which was postponed Thursday to allow Mrs. Hartje's lawyers to examine the letters alleegd to have been written by the defendant to Madine, will be resumed next Friday.

OHIO AFTER JOHN ROCKEFELLER

Summons Issued for Him in Case Against Oil Trust.

Findlay, O., July 7.—Judge Banker, of the Probate Court has issued a summons for John D. Rockefeller in connection with the suit recently filed here against the Standard Oil Company and Mr. Rockefeller in which it is alleged that the Valentine anti-trust law has been violated by the Standard or its subsidiary companies. The summons has been turned over to Sheriff Grovs who states that he will make service upon Mr. Rockefeller as soon as the latter returns from Europe. Sheriff Groves has gone to Cleviand to serve summons upon the Standard Oil Company, through one of its officers.
